Designed and tested to perform in the toughest climates, the Compu Pool CPX salt water chlorine generator offers superior levels of control, style and convenience. The simple to use CPX is easily installed and is the perfect solution for any new pool or retrofitting application.

Above Ground Model Number	In Ground Model Number	Pool Size (Gallons)
CPX16-AG	CPX16	20,000
CPX24-AG	CPX24	30,000
N/A	CPX36	40,000
N/A	CPX48	60,000

\*\* All units come standard with a 15ft cell cord

# The CPX Series DIFFERENCE

- Superior cell lead connection that is waterproof and positively locks to the Power Module
- User friendly LCD digital display and LED indicator lights
- Self regulating function if salt content is too high
- Built-in flow detector that de-activates the unit in the event no flow is detected
- Super Chlor and Winter modes for effectively managing chlorine output
- Easy installation for new and existing pools
- UV stabilized power pack and cell for the toughest of climates and conditions
- Touch pad interface for total convenience and control
- Designed for reliability and durability for lasting performance
- Warranty: 2 year full on Power Pack and Cell

Advanced cooling technology to ensure effective Power Module operation

LCD digital display with intelligent controls

User friendly touch pad for Intuitive useability

3 port smart design for multiple installation positions

Impact resistant housing with high performance UV stabilized plastic to avoid cracking and distortion

Cell plug that is easily removable from the Power Module. The cord is fixed to the cell, to avoid any chance of arcing or burning around the terminal posts

## HOW DOES IT WORK?

Salt is added to the pool water at 0.03 pounds of salt for every 1 US gallon of water. This slightly salinated water then passes through an electrolytic cell and this produces chlorine gas, which prevents algae and purifies the pool.

## THE SALT WATER CHLORINATION ADVANTAGE

- Irritation to eyes and skin is eliminated
- Unpleasant taste and odor is greatly reduced
- No more expensive and hazardous chlorine
- Fully automatic chlorination
- Sparkling clear pool water - every day
- Suitable for all pool surfaces
